BREXA

BREXA Holdings, Inc.

BREXA

Purpose : Breaking the boundaries of work, to create possibilities for more people

In an era of unprecedented change, BREXA is committed to bridging the global labor supply-demand gap and addressing mismatches between market needs and applicant skills. We recognize the challenges posed by the evolving landscape of traditional and diversified work environments, which can hinder people's ideal career opportunities. BREXA's unparalleled human resource platform is dedicated to providing wide-ranging and optimal work choices to individuals worldwide. By continuously supporting our candidates, BREXA will break down the barriers of work, maximizing possibilities for people and creating a positive impact on society.

BTECH Career Matching Platform

BREXA

A platform to build a long-term engineering career in Japan.

【Engineers】
- Skills / Language / Motivation
- Career Vision

BREXA TECHNOLOGY

【Client】
- Technical Needs
- Project Roadmap
- Long-term Demand

- Engineer Profile Assessment
- Client Needs & Project Understanding
- Career-Oriented Matching
- On-site Support & Career Follow-up

I want to use my programming experience

We need more people in system implementation

Engineer

Projects that match your skills

*Assignment period varies depending on project

Partner Business

Orders jobs from BREXATech, who then introduces talented engineers that fit the projects

© BREXA Holdings Inc. All Rights Reserved.

Post-hiring Support

BREXA

Safe country, Stable working environment, Clear rules & systems, Strong company support for foreign engineers

VISA application

We handle Certificate of Eligibility application for your visa

Housing

We arrange housing for you after you arrive in Japan (Housing allowance: up to 30,000 yen)

Flight

We arrange your flight to Japan

Arrival in Japan

We will pick you up from the airport and continue to support you upon arrival in Japan

Home Support

We will set up gas, electricity, and water services so that you can start living immediately

Other

Information on SIM cards, creating skill sheets, training for workplace visits, etc.
